

CLOSER TO THE EDGE

I remember one moment, I tried to forget
I lost myself, is it better not said
Now I'm closer to the edge

It was a thousand to one
And a million to two
Time to go down in flames and I'm taking you
Closer to the edge

No, I'm not saying I'm sorry
One day maybe we'll meet again
No, I'm not saying I'm sorry
One day maybe we'll meet again
NO NO NO NO

Can can can you imagine a time when the truth ran
free
The birth of a song and the death of a dream
Closer to the edge

This never ending story
Paid for with pride and fate
We all fall short of glory
LOST IN OUR FATE

One day maybe we'll meet again
NO NO NO NO

UPSIDE DOWN

Who's to say
What's impossible
Well they forgot
This world keeps spinning

And with each new day
I can feel a change in everything
And as the surface breaks reflections fade
But in some ways they remain the same
And as my mind begins to spread its wings
There's no stopping curiosity

I want to turn the whole thing upside down
I'll find the things they say just can't be found
I'll share this love I find with everyone
We'll sing and dance to Mother Nature's songs
I don't want this feeling to go away

Who's to say
I can't do everything
Well I can try

And as I roll along I begin to find
Things aren't always just what they seem

I want to turn the whole thing upside down
I'll find the things they say just can't be found
I'll share this love I find with everyone

IRIS

And I'd give up forever to touch you
Cause I know that you feel me somehow
You're the closest to heaven that I'll ever be
And I don't want to go home right now

And all I can taste is this moment
And all I can breathe is your life
Cause sooner or later it's over
I just don't want to miss you tonight

And I don't want the world to see me
Cause I don't think that they'd understand
When everything's made to be broken
I just want you to know who I am

And you can't fight the tears that ain't coming
Or the moment of truth in your lies
When everything seems like the movies
Yeah you bleed just to know your alive

And I don't want the world to see me
Cause I don't think that they'd understand
When everything's made to be broken
I just want you to know who I am

I don't want the world to see me
Cause I don't think that they'd understand
When everything's made to be broken

SLICE

There was a time a long, long time ago
Chevy's and levees played on the radio
No cell phones, just 20,000 lights
Swaying on a Saturday night alright

Can you imagine that slice of time
Rock and roll was young
People stood in line
To hear music that played into their lives
That you could carry till the day you die

Hey man sing me a song
When we were everyone
We were more than just a slice of American Pie

Have you read my blog today
300 million little USA's
Your doorstep is just a click away
We'll get together one of these days

How can you be as nice as me
You're not from the same slice as me
Where do we go from here my friend
Is this the way our story ends

Hey man sing me a song
When we were everyone
We were more than just a slice of American Pie
